Great vibes, everyone is very friendly & helpful. I was a first time client and they made me feel very welcomed. Everything went so smooth, I dreaded going to see a Cannabis Doctor because I felt it would be such a long lingering process but they made it fast and smooth! Thank you! See you in 7 months !!

I was recommended by them by a co-worker. I was a little nervous about going but from the time I walked in, Cannabis Doctor X, made the process super easy. The doctor was very professional. Amir and Josh walked me through every step of the process. Highly recommended and great value.

Very professional staff. Their customer service is top notch. They answered all questions that I had with a smile on their face and offered me water and chocolates while I waited for the doctor consult. The doctor was very concerned with my diagnosis and carefully wrote up a plan of action for my condition.

The front desk staff was very friendly and helpful. They were able to help me submit my state application while waiting to see the doc! Dr. Margiotta is super attentive and compassionate. He really listens to what you need and assess your personal life to help you in the best way possible. I would recommend this facility to anyone who wants to get the ball rolling with their med card in an effective, easy process. I will definitely be recommending lots of people!

My experience was beyond incredible! First of all, I called to book an appointment and I was in the next day! When I showed up, Maddy at the front desk was incredible! She is like a machine, taking care of several patients at the same time! She is so nice, and efficient. The doctor I met incredible too! He was knowledgeable and very easy to talk to! I would 100% recommended coming here for all your needs!

This is by far the best medical office. I was referred here by a friend, then I referred my mother who had an amazing experience and now my father. He has many health complications and also had issues while at the office, but Maddy genuinely took her time to help him out and do everything she could to make his appointment go as smoothly as possible. The doctors are so caring and understanding. The staff in a whole is very helpful as well. They always have a dispensary representative table inside which is awesome for new patient information. I absolutely love this facility and would recommend everyone to come here!!

Great experience, from initial phone call through visit! Ray did a great job on initial phone call and in my visit. Went out of his way to explain clearly and provide details on the whole process. Helped SO much in the FL state registration process! Dr. Lezama listened and gave great advice on how to integrate marijuana with other medications. A\*

another amazing experience Dr. George was not available but the doctor that I did see was very knowledgeable and helped me as well. Maddie is always a pleasure and I love seeing her come by the store! My mom feels finally comfortable with marijuana that's helped her immensely! I love the staff here and everything that they offer! they always help us to the fullest and never make us feel stupid for asking any kind of questions that we may haveo
